God,
for my birthday this year,
please give me a tall prince (183 cm is good)
with distinct facial features (if possible, make him look Scandinavian).
Someone who is elegant, well put-together, and just a little rich (and of course older than me).
That's the sort of prince I want as my present.

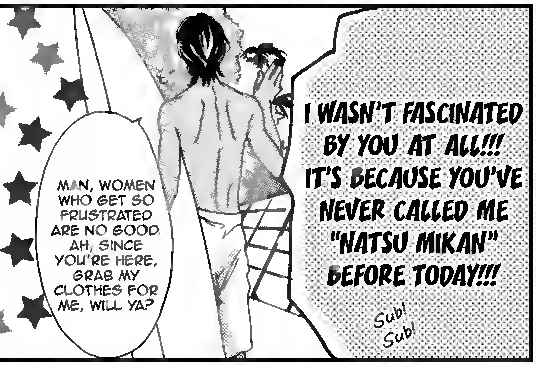
T/N. Ryou is referencing a Japanese proverb that roughly translates to "the mouth is the basis for calamity"; he's telling Natsumi to watch what she says or it'll come back to bite her in the end.

T/N: "Natsu mikan" is a type of orange in Japan called "bitter summer orange".



MAN, WOMEN WHO GET SO FRUSTRATED ARE NO GOOD. AH, SINCE YOU'RE HERE, GRAB MY CLOTHES FOR ME, WILL YA?

*T/N. Ryou here is making a play between her name and her birth date. We're not exactly sure what he's implying, but our best guess is he's emphasizing the characters for Natsumi's name which mean "summer" and "sea". Another guess is he's making some sort of pun on the numbers, with "nana/nanatsu=7", "tsu-=2", "mi/mitsu=3", which correspond to July 23, Natsumi's birthday.

Volume 2 is now on sale ———! Kyaaa!!

Not only that, but my non-serialized stuff from the past has also been published, so I am just **TOTALLY OVERWHELMED WITH EMOTION!!**

All of this was made possible by all of you wonderful people... That you all would support such a clumsy author by buying my bound volumes... Ahhh, I figured this would happen, but it seems I have sweat coming from my eyes...

(Especially my staff!!! I'm sorry I always cause you guys so much trouble. I'll get down on my knees and beg for forgiveness next time!!!)
I'll put my hands on the floor of the editor's office and everything!!!

Also, I don't think any of you knew, but every character's name was going to have a color in it. Please look for them. Though that... It was going fine in the beginning, but now there's no more colors anywhere. As I expected, something like "Aka-kun and Murasaki-kun" doesn't work, huh...

So instead of that, what I did was use names of friends of mine and people I know, though I eventually scrapped that idea, too, so I started using names of family members! I do apologize for using them. Sorry, my cousins!

Anyway, I've still got a long way to go, but I've safely made it to volume 2 being on sale, so I'm just beside myself with emotion! Thank you all so much!!!
